LEADER Funding Programme for Coast, Wolds, Wetlands and Waterways

A large area of rural East Yorkshire has been selected to go forward to the second round of a major new European Funding programme.

The LEADER programme aims to help rural communities improve the quality of life by making make the most of their local heritage and cultural assets. The scheme is to be managed by a Local Action Group made up from members of the community.

We would like to thank all those who participated in the recent round of consultation events. The events provided an opportunity to learn about the programme and how individuals/organisations and local communities can be involved.

If you were unable to attend these events, and would like more information on the LEADER Funding Programme for Coast, Wolds, Wetlands and Waterways bid and/or the Local Action Group, please contact Annie Hadfield at the Rural Programmes Team on 01759 306624 or email leader@eastriding.gov.uk

The funding is being made available through the Rural Development Programme for England, which is jointly funded by Defra and the European Union, and is managed by Yorkshire Forward in the Yorkshire and Humber region.
